

# APS CENSUS 2024 - OUR ACTION PLAN

Implementation of the Action Plan is monitored and reviewed by the NHMRC Executive Board, chaired by the NHMRC Chief Executive Officer.

| Target Area              | APS Census 2024 Finding/Result  | Goal   | Actions   | Potential obstacles          | Due Date |
|--------------------------|---|--|---|------------------------------|----------|
| Wellbeing                | <p><b>Overall index - Wellbeing Support 67% (-3pp vs 2023; -3pp vs APS)</b></p> <p>My agency does a good job of promoting health and wellbeing 56% (-9pp vs 2023)</p> <p>I think my agency cares about my health and wellbeing 64% (-8pp vs 2023)</p> <p>My agency does a good job of communicating what it can offer me in terms of health and wellbeing 49% (-9pp vs APS)</p> | Promote and support health and wellbeing initiatives             | Survey staff on needs and preferred wellbeing initiatives   | Engagement challenges        | Nov-24   |
|                          |   |  | Develop a wellbeing strategy and/or action plan, including considering targeted initiatives that focus on psychosocial safety | Resourcing constraints       | Jan-25   |
|                          |   |  | Regular communication to promote the Employee Assistance Program and other available supports                                 | Uptake/engagement challenges | Ongoing  |
| Learning and development | <p><b>Barrier to performing at our best: Lack of access to learning and development</b></p> <p>Access to learning and development 40% (-24pp vs APS)</p> <p>In the last 12 months the formal learning I have accessed has improved my performance 41% (-17pp vs APS)</p>  | Provide greater access to learning and development opportunities | Engage with employees to develop a Learning and Development (L&D) Strategy to foster workforce capability and performance     | Engagement challenges        | Dec-24   |
|                          |   |  | Implement and resource the L&D Strategy   | Resourcing constraints       | Jan-25   |

| Target Area                        | APS Census 2024 Finding/Result  | Goal   | Actions  | Potential obstacles                              | Due Date |
|------------------------------------|---|--|--|--|----------|
| Innovation                         | <p><b>Overall index - Enabling Innovation 66% (Opp vs 2023; +1pp vs APS)</b></p> <p>People are recognised for coming up with new and innovative ways of working 54% (-6pp vs 2023)</p> <p>My agency recognises and supports the notion of failure as part of innovation 31% (-2pp vs 2023)</p> <p>My workgroup has the tools and resources we need to perform well 48% (-17pp vs APS)</p> | Build an innovation culture and provide the tools to support innovative practices and celebrate innovation successes | Develop and implement a new staff awards framework that includes recognition for innovation  | Potential slow cultural change                   | Dec-24   |
|                                    |   |  | Promote the suite of software tools, training and support available to staff to enable and foster greater innovation and productivity.                   | Engagement challenges and resourcing constraints | Ongoing  |
|                                    |   |  | Facilitate an innovation process to collect ideas for improvement, prioritise and allocate resources to implement highest priority and value ideas.      | Resourcing constraints                           | Jun-25   |
| Communication                      | <p><b>Overall index - Communication 66% (Opp vs 2023; Opp vs APS)</b></p> <p>Internal communication within my agency is effective - 47% (-11pp vs APS)</p>  | Continue to focus on better internal communications  | Continue to implement the new Internal Communications Strategy and monitor and evaluate its effectiveness.   | Engagement challenges and resourcing constraints | Jun-25   |
|                                    |   |  | Support staff connections across and between branches  |  |          |
| Technology and digital environment | <p><b>Barrier to performing at our best: Technology and digital environment and administrative processes</b></p>  | Improve technology and streamline administrative processes through better use of digital workflows                   | Finalise the Grant System, Cyber Security and Data and Information Strategy which will all contribute to the ICT Strategy and future investment roadmap. | Resourcing constraints                           | Jun-25   |
|                                    |   |  | Implement digital workflows and other process improvements for key business operations   | Resourcing constraints                           | Jun-26   |

| Target Area                         | APS Census 2024 Finding/Result   | Goal  | Actions   | Potential obstacles          | Due Date |
|-------------------------------------|--|---|---|------------------------------|----------|
| Competing priorities and resourcing | <p><b>Barrier to performing at our best: Too many competing priorities and administrative processes</b></p> <p>My workgroup has the tools and resources we need to perform well - 48% (-17pp vs APS)</p> | Support teams by better aligning resourcing and decision-making to both strategic and day-to-day priorities | Establish regular communication channels to/from executive governance committees to ensure staff have the opportunity to influence and/or are better informed of how their day-to-day work contributes to agency objectives | Engagement challenges        | Nov-24   |
|                                     |  |   | Review delegations and approval processes   | Change management challenges | Dec-24   |
|                                     |  |   | Improved internal budgeting processes   | Resourcing constraints       |          |
