## NHMRC-NAFOSTED Joint Call for Collaborative Research Projects

National Health and Medical Research Council (NHMRC) and National Foundation for Science and Technology Development of Vietnam (NAFOSTED) opened the NHMRC-NAFOSTED Joint Call for Collaborative Research Projects on 6 December 2017 and closed for applications on 14 March 2018.

The specific outcomes of this call are to:

- generate new knowledge in infectious diseases, maternal/child health and/or public health that can be translated into health policy and practice to benefit human health
- foster co-investment with international partners in research programs of joint interest that will involve researchers based in Vietnam and Australia
- foster the exchange of scientific skills and technological capabilities between Vietnam and Australia, and
- build further collaborations between Vietnamese and Australian researchers.

Following a competitive peer review process the seven applications listed below were approved for funding by the Minister for Health, the Hon Greg Hunt MP.

Application ID	CI Team	Application Title	Administering Institution	Budget
APP1154404	CIA - Doctor Jack Richards CIB - Professor Nguyen Kinh CIC - Professor Tran Duong CID - Assistant Professor Nguyen Trung CIE - Doctor Ngo Thang CIF - Doctor Le Hoi CIG - Doctor Leanne Robinson CIH - Doctor Jennifer Flegg CII - Doctor Julian Druce CIJ - Doctor Gerard Kelly	Integrating geospatial surveillance for infectious diseases with malaria elimination activities in Vietnam	Burnet Institute	\$495,790.40
