National Health and Medical Research Council

2015 NHMRC-EU Collaborative Research Grants for funding commencing in 2016

The NHMRC-EU Collaborative Research Grants (NHMRC-EU Scheme) provides a contribution to Australian institutions and researchers who are participating in leading international collaborative research that has been selected for funding through Horizon 2020. Horizon 2020 is currently the European Union main instrument for funding research and development and will run until 2020.

The specific objectives of the scheme are to:

- Provide a financial contribution to the Australian researchers' participation in leading international research that has been favourably evaluated for funding through select Horizon 2020 topics; and
- Support health and medical research that is of benefit to Australia.

The applications listed below were approved for funding by the Minister for Health, the Hon. Sussan Ley MP.

Application ID	Applicant	Scientific Title	Administering Institution	Budget
1115805	Professor Arthur Kitching	RELapses prevENTION in chronic autoimmune disease: common mechanisms and co-morbidities (RELENT)	Monash University	\$499,837
1115818	Associate Professor Mathew Summers, Professor Stuart Smith	my-AHA: My Active and Healthy Aging	University of the Sunshine Coast	\$496,081
1115828	Professor Stephen Kent, Professor Damian Purcell, Professor Miles Davenport, Professor Anthony Kelleher, Professor David Cooper	European AIDS Vaccine Initiative 2020	University of Melbourne	\$500,000
