## Practitioner Fellowships for funding commencing in 2017

The Practitioner Fellowship scheme provides support for active clinicians and public health or health services professionals to undertake research that is linked to their practice or policy.

The scheme aims to support research which results in the translation of new evidence into improved clinical practice and health policy and which delivers improvements in health and healthcare to Australians.

Practitioner Fellowships are awarded at two levels, increasing in order of experience and seniority as follows:

- Practitioner Fellowship Level 1 (PF1)
- Practitioner Fellowship Level 2 (PF2)

The applications listed below were approved for funding by the Minister for Health and Aged Care, the Hon Sussan Ley MP.

<b>Application ID</b>	<b>Applicant Name</b>	<b>Level</b>	<b>Scientific Title</b>	<b>Administering Institution</b>	<b>Amount</b>
APP1117037	Professor Graeme Jones	PF1	From imaging to intervention in osteoarthritis	University of Tasmania	\$338,937.50
APP1117061	Professor Jonathan Golledge	PF2	Developing improved management for peripheral artery diseases	James Cook University	\$569,219.00
APP1117065	Professor Jason Roberts	PF1	Redefining antibiotic dosing to reduce bacterial resistance	The University of Queensland	\$474,512.50
APP1117230	Professor Simon Finfer	PF1	Saving money and saving lives: integrating comparative effectiveness trials and translational research in critically ill patients	University of Sydney	\$338,937.50

APP1117534	Professor David Johnson	PF2	Conducting clinical research in chronic kidney disease	Metro South Hospital and Health Service, Princess Alexandra Hospital	\$569,219.00
APP1117582	Professor Katherine Conigrave	PF1	Working with Indigenous services and communities to reduce the harms from alcohol	University of Sydney	\$474,512.50
APP1117668	Professor Stephen Stick	PF2	Practitioner Fellowship	University of Western Australia	\$487,902.00
APP1117759	Professor Jacob George	PF2	Implementing and enhancing evidence-based research and practice in hepatology	University of Sydney	\$569,219.00
APP1117907	Professor Anthony Kelleher	PF2	Immunopathogenesis and manipulation of the HIV reservoir	University of New South Wales	\$487,902.00
APP1117940	Professor Anton Peleg	PF1	Novel Solutions for Antimicrobial Resistant Pathogens	Monash University	\$474,512.50
APP1118864	Professor Gregory Dore	PF2	Implementation of highly effective therapy for hepatitis C	University of New South Wales	\$569,219.00
APP1119059	Professor Georgina Long	PF2	Development of systemic therapies to improve response and prevent resistance in the treatment of Melanoma	University of Sydney	\$569,219.00
APP1119212	Associate Professor Luke Wolfenden	PF1	Settings-based chronic disease prevention: Translating research into practice	The University of Newcastle	\$474,512.50
APP1121272	Professor Alicia Jenkins	PF1	Biomarkers, related mechanisms and technology to improve diabetes outcomes	University of Sydney	\$474,512.50
APP1124576	Professor David Paterson	PF1	The epidemiology and treatment of infections due to multiresistant Gram negative bacteria	The University of Queensland	\$271,150.00
APP1124625	Professor Michael Breakspear	PF1	Brain networks in those at high risk of mental illness	The Council of the Queensland Institute of Medical Research	\$474,512.50

APP1125456	Professor Philip O'Connell	PF2	Improving transplant outcomes through translational research	University of Sydney	\$406,585.00
