Translating Research into Practice Fellowships for funding commencing in 2018

The TRIP Fellowships scheme is a two-year part-time Fellowship providing protected time to support future leaders to implement established evidence into practice.

The specific objectives of the scheme are to:

- build capacity in research translation by supporting future leaders to undertake projects focused on translating robust or best-available evidence into practice that will either have localised health benefits to patients or broader and deeper impact on health care, the health system, public health, national policy, and/or service delivery
- create a critical mass of experts in the area of research translation to support and sustain change in the long term.

The applications listed in the table below have been approved for funding by the Minister for Health, the Hon Greg Hunt MP.

Application ID	Applicant Name	Application Title	Administering Institution	Budget
APP1150101	Associate Professor Bamini Gopinath	Implementing and evaluating a telephone-delivered dietary intervention for age-related macular degeneration patients	University of Sydney	\$179,118.00
APP1150102	Associate Professor Anita Wluka	TreatOA4life (Treat OsteoArthritis4life) – a sustainable lifestyle treatment to improve outcomes in knee osteoarthritis	Monash University	\$179,118.00
APP1150108	Doctor Trisha Peel	Optimising patient outcomes following surgery: Improving uptake of evidence into practice for surgical antimicrobial prophylaxis	Monash University	\$179,118.00
APP1150165	Associate Professor Gillian Gould	Translating evidence based smoking cessation care for pregnant Indigenous smokers	University of Newcastle	\$179,118.00

APP1150267	Associate Professor Fiona Russell	Implementing pneumococcal conjugate vaccine in Pacific Island countries	University of Melbourne	\$179,118.00
APP1150295	Doctor Hamish MacDougall	Acute vertigo in emergency departments: distinguishing between central and peripheral causes by objective measure of oculomotor examination (HINTS)	University of Sydney	\$179,118.00
APP1150566	Doctor Jane Yelland	Enhancing communication, language services, and information exchange: the ECLIPSE Study	Murdoch Childrens Research Institute	\$179,118.00
APP1150661	Mrs Rachel Sutherland	A randomised trial of an intervention to facilitate the implementation of evidence based secondary school physical activity practices.	University of Newcastle	\$179,118.00
APP1150898	Associate Professor Rachael Morton	Incorporating patient reported outcome measures (PROMs) into clinical registries	University of Sydney	\$179,118.00
APP1150970	Associate Professor Angela Dawson	Improving the quality of maternity care for women with female genital mutilation	University of Technology Sydney	\$179,118.00
APP1151021	Professor Monika Janda	Evaluating and disseminating the implementation success of a surgical training program	Queensland University of Technology	\$179,118.00
APP1151460	Associate Professor Lisa Askie	Resolving 60 years of uncertainty: oxygen saturation targets in preterm infants	University of Sydney	\$179,118.00
