

NHMRC-Global Alliance for Chronic Diseases (GACD): Non-Communicable Disease Prevention in Cities Funding Call 2023

The Global Alliance for Chronic Diseases (GACD) is a collaboration between major international research funding agencies that support joint funding calls and research capacity building activities to address chronic, non-communicable diseases (NCD).

The objective of the NHMRC-GACD 2023 scheme is to fund implementation research focused on addressing NCD risk factors associated with city environments and related health inequities in Low- and Middle-Income Countries and/or in populations facing conditions of vulnerability in High-Income Countries.

The applications listed below were approved by the Minister for Health and Aged care, the Hon. Mark Butler MP, for funding to commence in 2024. They are listed in application identification number (App ID) order.

App ID	Chief Investigator Team	Application Title	Administering Institution	Budget
2027468	CIA - Associate Professor Abdullah Mamun CIB - Professor James Ward CIC - Professor Anthony Shakeshaft CID - Doctor Yaqoot Fatima CIE - Associate Professor Judith Dean CIF - Mister Rob McPhee CIG - Professor Christopher Doran CIH - Doctor M Mamun Huda	Preventing non-communicable diseases (PreventNCD) among Indigenous children and youth in major cities of Australia	University of Queensland	\$1,544,970.90
2027938	CIA - Professor Amanda Thrift CIB - Associate Professor Jacqueline Boyle CIC - Doctor Rajshree Thapa CID - Doctor Dinesh Neupane CIE - Professor Per Kallestrup CIF - Doctor Buna Bhandari CIG - Doctor Sweta Koirala CIH - Mister Sagar Dahal CII - Mister Khim Khadka CIJ - Doctor Nawaraj Bhattarai	Co-designing a multi-level intervention for improving continuum of care for NCDs in three diverse cities in Nepal	Monash University	\$1,240,497.71

Total Expenditure \$2,785,468.61
