Caveats:

- These data provide a state/territory and institution breakdown of all peer reviewers (including panel chairs, external assessors and community observers) appointed in the 2021 funding cycle.
- As the data have been collected from information retrieved from Sapphire, the state/territory, institution and/or title of individuals listed may have changed since they completed peer review.
- Institutions are listed in the state/territory in which an individual is based rather than the location of the institution.
- Where an individual has been a peer reviewer for multiple schemes, they have been listed once in the 2021 Honour Roll.
- Individuals whose institution is listed as “Not Specified” were not associated with an institution or organisation for the purposes of their peer review duties.
- Medical Research Future Fund assessors are recognised on the Department of Health’s Medical Research Future Fund [Roll of Honour](#).
